Chittagong Polytechnical, Nasirabad.
Chittagong, Bangladesh.

Objective

I'm **Ashok Barua**, a **Full Stack Web Developer** with over 4 years of experience. Spatially, I am working with **PHP & Laravel** for the back-end. I use front-end frameworks, Laravel packages, and Modern tools & technologies to build powerful, scalable software.

Looking at a design I use **Tailwind CSS** and **Bootstrap** very often, so the turnaround of my projects is very quick.

I use **GIT** to track my progress & files, as well as to collaborate with other developers. I always love to work with a **technically strong team** where I can **solve complex problems** with a good balance of **freedom and responsibility**.

I'm looking for a good position where I can progress and **challenge** my skills.

Core Skills

Programming Languages : **PHP, Python, MySQL, HTML5, CSS3, SASS, JavaScript**,
Java (Basic), C (Basic).

Frameworks and tools : **Laravel, Web2py, Ionic, Laravel-Livewire, AlpineJS, Vue**,
