## Objective

I'm **Ashok Barua** a Web Developer with over 5 years of experience. Spatially, I am working with **PHP & Laravel** for the back-end and I have done some **projects** with that. Also, I am have experienced with front-end frameworks and Laravel powerful packages.

Looking at a design I use **Tailwind CSS** and **Bootstrap** very often, so the turnaround of my projects is very quick.

I use **GIT** to track my progress & files, as well as to collaborate with other developers. I always love to work with a technically strong team where I can **solve complex problems** with a good balance of freedom and responsibility.

I'm looking for a good position where I can progress and **challenge** my skills.
